From its use many an afflicted sufferer has been restored to perfect health, after having expended a small fortune in procuring medical advice and obtaining poisonous unneral medicines.

Its mealical properties are Alterative, Tonic, Solvent and Diuretic. There is no disease of the human system for which the VEGETINE cannot be used with perfect safety, as it does not contain any metallic or poisonous compound. It is composed exclusively of barks, roots and herbs; it is very pleasant to take; every child likes it. A Walking Miracle.

Mr. H. R. Stevens:

Dear Sir—Though a strauger, I want to inform you what Vegeting has done for me.

Last Christman Scrofulu made its appearance in my system—large rounding ulcers appearing on use, as follows: One on each of my arms, one on my thigh, which extended to the seat, one on my head, which eat into the skull bouc, one on my left leg, which became so bad that two physicians came to ampetate the limb, though upon consultation concluded not to do so, as my whole body was so full of Scrofula; they deemed it advisable to cut the sore, which was painful beyond description, and there was a quart of matter run from this one sore.

The physicians all gave me up to die, and said they could do no more for me. Both of my legs were drawn up to my seat, and it was thought if I did get up again I would be a cripple for life.

When in this condition I saw VEGETINE advertised, and commenced taking it in March, and followed on with it until I had used sixteen bottles, and this morning I am going to plough corn, a well man. All my townsmen say it is a miracle to see me round walking and working.

In conclusion I will add, when I was endur-In conclusion I will add, when I was enduring such great suffering, from that dreadful disease, Serofala, I prayed to the Lord above to take me out of this world, but as VEGETINE has restored to me the blessings of health, I desire more than ever to live, that I may be of some service to my fellow-men, and I know of no better way to aid suffering humanity, than to inclose you this statement of my case, with an earnest hope that you will publish it, and it will afford me pleasure to reply to any communication which I may receive therefrom.
